## Dunn 2017 Cabernet Sauvignon Howell Mountain

### TASTING NOTES

The 2017 Cabernet Sauvignon Howell Mountain is sure to make Dunn fans happy. Powerful and ample, it marries the natural intensity of the year with the savoriness that makes Howell Mountain Cabernets so distinctive. Dark blue/purplish fruit, graphite, spice, leather, dried herbs and lavender imbue the 2017 with striking intensity and character. I can't wait to see how it ages. The 2017 is a positively stunning edition of the Howell Mountain Cabernet Sauvignon." - Dunn Vineyards

### Winemaker Notes

The 2017 Napa Valley Cabernet Sauvignon is an unusually soft wine from Dunn. Aromatically expressive and nuanced, the wine offers plenty of immediacy, with attractive red cherry, plum, sweet tobacco, dried flowers and cedar nuances.

### Production Notes

We farm 42 acres of Cabernet Sauvignon on Howell Mountain. Since 1979 we've done our best to care for these vines so that they produce a wine that tastes like Cabernet Sauvignon from Howell Mountain. Today we are hands-on in the vineyard, on the crush pad, and in the cellar. Any more land and we would need to spend more time administering and managing. We'd prefer to farm.
